

The Beginner's Guide to Writing an Essay

Read the concerns and directions meticulously. Review over all the inquiries on the test. If you merely respond to each inquiry as you encounter it, you may provide particular details or proof to one concern that is preferable for another. Be certain to identify all components of the concern. Develop a thesis that addresses the inquiry.

There is not time for a sophisticated intro, however be sure to introduce the topic, your argument, and just how you will sustain your thesis (do this in your very first paragraph). Arrange your sustaining points. Prior to you wage the body of the essay, write a synopsis that summarizes your main supporting factors.

Proper grammatical errors, examine to see that you have actually addressed all components of the question. Essay exams can be stressful. You might draw a blank, lack time, or locate that you disregarded a fundamental part of the training course in examining for the test. Of program, good preparation and also time management can assist you avoid these negative experiences.

Writing an essay - Research & Learning Online

Do not write at the end that you ran out of time, or did not have time to examine due to the fact that you were ill. Make a visit with your TA to go over these points after the exam. Do not "pad" your answer. Instructors are usually fairly adept at identifying pupil bluffing. They give no credit rating for elaboration of the obvious.

Essay 1: Combating the Cult of Thinness

Why would a frightening percentage of American women gladly trade five years off their lives for 10 pounds off their bodies, or prefer to be perceived as thin rather than as kind or intelligent? This obsession with thinness needs to be understood if we are to avoid the consequences, which are often tragic. Beyond this, there are further steps that ought to be taken so that women can have a healthier and more positive sense of themselves.

It is no wonder that American women are obsessed with thinness. From a very young age, it is emphasized to women how important it is to be pretty, and to be pretty by society's standards means being thin. This blatant message is seen everywhere. Not only do images in magazines, TV commercials and billboard posters put an exaggerated emphasis on women's bodies, they also hold up an ideal of thinness that is almost impossible to attain. Computer-enhanced photography employs techniques such as airbrushing blemishes and slenderizing the bodies of models. This adds to the creation of an ideal model that women strive to mimic.

American society's prescription of what it means to be feminine needs a rewrite. Current definitions of femininity are dictated by a social system that gains control over women by defining them primarily in terms of their bodies. In order to see change, women must challenge the industries that feed upon body insecurity. They need to change the messages that women absorb daily. One method would be to stop purchasing the very fashion magazines that have been allowed to define femininity. Large-scale boycotts of these fashion magazines can lead to major change of the feminine ideal.

Another method that can be used to alleviate the emphasis placed on the ideal figure is through education. Women need to realize that the images seen in advertisements and on television sitcoms are not the norm. The average American woman is 5'4", a size 12, and 155 pounds. Women
